Make your pool your happy place with Pool FROG Mineral Reservoir. Happiness is spending more time in your pool enjoying crystal clear, silky soft water without handling or measuring pool chemicals. The Pool FROG system creates Fresh Mineral Water[®]? that kills bacteria 2 ways, with FROG minerals and a small amount of chlorine, requires no daily dosing, eliminates smelly chlorine odors and invites loads of fun. Prefilled cartridges make it easy to take care of. Here's to more happiness!

- Kills bacteria 2 ways
- Reduces chlorine use up to 50%*
- Precision performance – set it and forget it
- Minerals last for 6 Months

The Anti-Bac Mineral Pac is full of time-released active minerals. Effectiveness starts when the minerals are wetted and lasts for 6 months. Replace every spring or every 6 months, whichever is shorter. It's the combination of Minerals plus a low level of chlorine that reduce chlorine use up to 50%* and give you all the benefits.
