Brand: Bioguard
Product Code: 22853BIO
Availability: In Stock
Weight: 0.00oz
Dimensions: 0.00ft x 0.00ft x 0.00ft

Price: $33.99

Description

1 Quart - Softswim A

What it does

Prevents and kills algae growth.

Features

- 40% quaternary ammonium based algicide
- pH~7.5
- Compatible with SoftSwim® and other biguanide systems
- Powerful surfactant / wetting agent
- Stable in sunlight
- Works in all pH ranges
- pH neutral

Benefits

- Activity increases as water temperature rises
- Concentrated formula needs application only every two weeks
- Highly effective formula prevents all types of algae growth
- Penetrates small cracks and pores of pool surface to prevent algae growth

Directions for Use

Initial Treatment

1. Pour 32 fluid ounces (4 ppm) directly into pool per 25,000 gallons of water.

Routine Maintenance

1. For weekly application intervals, use 1 fluid ounce per 5,000 gallons of water (0.5 ppm).
2. For two week application intervals, use 2 fluid ounces per 5,000 gallons of water (1 ppm) every other week.
3. Following heavy rain showers, add an additional 1 fluid ounce per 5,000 gallons.
