Balance Pak 100 - 5 lbs

Brand: Bioguard
Product Code: 23461BIO
Availability: In Stock
Weight: 0.00oz
Dimensions: 0.00ft x 0.00ft x 0.00ft

Price: $15.99

Description

5 lbs - Balance Pak 100

What it does

Balance Pak® 100 is used to maintain total alkalinity in swimming pool water. Proper alkalinity prevents pH from changing due to rain, bather load, and other chemical application.

Features

- 100% sodium hydrogen carbonate
- pH 8.2
- Compatible with chlorine, bromine, Mineral Springs®, saltwater and SoftSwim® systems
- Powder form

Benefits

- Raises total alkalinity
- Prevents pH change
- Improves swimmer comfort
- Prevents corrosion due to improper pH
- Protects vinyl liners from wrinkling due to improper pH

Directions for Use
Directions for Use

1. Add directly to pool with pump running.
2. If large amounts are required (more than 4 lbs. per 10,000 gallons) and metals are present, divide dosage into thirds and pre-dissolve before addition.
3. Follow ALEX® Pro instructions for amount of product based on your sanitizer type and other test factors.

ADDITION CHART

POOL CAPACITY	POUNDS REQUIRED TO RAISE TOTAL ALKALINITY					
(gallons)	30 ppm	40 ppm	50 ppm	60 ppm	80 ppm	100 ppm
10,000	4	6	7	9	12	15
15,000	6	9	11	13	18	22
20,000	9	12	15	18	24	30
25,000	11	15	19	22	30	37
30,000	13	18	22	27	36	45
40,000	18	24	30	36	48	60
50,000	22	30	37	45	60	75
