Product Code: 18STG
Availability: 20
Weight: 0.00oz
Dimensions: 0.00ft x 0.00ft x 0.00ft

Price: $6.49

Description
1' x 8' Single Heavy Duty Water Tube

- Has a single chamber to fill with water
- Extra Heavy-duty gauge vinyl
- Can fill with a standard garden hose
- A safe way of holding down your winter cover

Pro-Tips for Using Water Tubes

Never fill to 100%: Only fill the water tubes up to about **60% to 70% capacity**. If the water tube is over filled, it will split on the seam during the first hard freeze.

How to Secure it: For inground pools place the water tubes through the loops on your winter cover. For above ground pools you can use the water tube straps to hold them against the inside wall of the pool.

Seal the valve: After filling, press the valve in firmly to seal.
