

Winter Cover Stretch Wrap

Brand: KWS

Product Code: WCS

Availability: 50

Weight: 0.00oz

Dimensions: 0.00ft x 0.00ft x 0.00ft

Price: \$19.99

Description

A 500-foot specialized resin film equipped with EZ Grip handles for tight, multiple-layer wrapping.

Wind Protection: Wraps tightly around the pool's top rail and cover to prevent winter gusts from getting underneath and causing costly rip or wind-whip damage.

Airtight Seal: Locks layer to layer to keep out leaves, dust, and debris, helping maintain cleaner water for your spring opening.

Material Design: Made of a stretchy poly-blend or resin that sticks to itself (not your pool or cover) and withstands extreme cold without tearing or sun degradation.
